### WE ARE PLEASED TO OFFER FREE CORONAVIRUS ANTIBODY TESTING

Free of charge, the Fund is providing coronavirus antibody testing for you and your eligible dependents age 5 or older, as part of the Building Trades Welfare Foundation-Mayo Clinic Laboratories COVID-19 Resilience Project (Resilience Project). Testing is for vaccinated and unvaccinated individuals.

This Resilience Project:

- Uses some of the **highest reliability antibody tests available**, provided by one of the most well-respected research laboratories in the world - Mayo Clinic Labs.
- Provides you **important information about your own health** – whether you have protective antibodies from natural exposure to the virus or the vaccine, which can potentially prevent you from contracting COVID-19 or reduce the severity of symptoms if you do become infected.
- Is honored to **be part of the proud legacy of organized labor leading the way in important societal matters**. Few studies to date have examined the types of populations that are part of the Resilience Project.

**Read the enclosed flyer** for additional information - be part of the solution!

#### TYPES OF ANTIBODY TESTS OFFERED:

- Finger Prick Test (Blood Spot Card): This will determine if you have antibodies due to a natural exposure to the virus. This will NOT test for antibodies in response to a vaccine.
- Blood Draw (Venipuncture): This will determine if you have antibodies due to a natural exposure to the virus OR to the vaccine. If you are only interested in whether you have positive antibodies in response to the vaccine, select the Blood Draw.

**DATES AND LOCATIONS:** The testing is being conducted in conjunction with other building trades. On a first-come, first-serve basis, you may choose any date or location that is most convenient for you and your family (available times will be on registration site):

Monday, May 24, 2021:	Pipefitters Local 636, 30100 Northwestern Hwy, Farmington Hills – Finger Prick Test or Blood Draw
Tuesday, May 25, 2021:	Pipefitters Local 636, 30100 Northwestern Hwy, Farmington Hills – Finger Prick Test or Blood Draw
